Tackling Hate Crimes

Avon and Somerset Police - Tackling Hate Crime Avon and Somerset Police are committed to tackling hate crime in all its forms.

There is an awareness that some of Bristol's communities are at risk of under-reporting hate crime, due to a number of barriers, including language and cultural barriers.

Consequently, Avon and Somerset Police have been working with partner agencies and communities to create the following informational videos in Urdu, Punjabi, Arabic and Somali. It is hoped that these will help improve everyone's understanding of hate crime and highlight where they can find help and support.

What Parents Need to Know!

Each newsletter we will provide a helpful fact page on an online game or issue. We know children will want to play online games with their friends and this can be a great way for children to have fun. However as you will be aware with every benefit there is also a disadvantage. Being aware of what these can be will help to keep your child safe.

White Rose Maths is proud to team up with leading supermarket, Morrisons, to give primary pupils a series of exciting and **FREE** workbooks to use at home. These colourful and engaging workbooks are perfect for revisiting and practising work that children have covered earlier in the year, or to prepare them for the new school year ahead.

Parents and carers can collect the books from 26 July onwards at any of Morrisons' network of stores nationwide. All they need to do is to call in at the 'Children's Little Library' in their local Morrisons store during their regular shop, and collect their free copies!

Families are welcome to take one free copy per pupil from Y1 to Y6. The workbooks contain a link to the answers, too

If you are unable to get to your local Morrisons supermarket, you can also download the workbooks from the website.

Welcome to John Cabot Academy

Based in the heart of Kingswood, we are very proud to serve our diverse local community.

Originally one of the city's technical colleges, in 2007 we converted into a secondary academy for local students, removing all admissions tests and interviews from the application process. Our admissions policy is now purely distance based, so the closer you are,

the more likely you are to get in, with 95% of students coming from within two miles of John Cabot Academy.

Our vision is simple, we want our students to thrive academically; flourish and grow as young people. When they leave us they will have a strong sense of self, their place in the world and the agency to fulfil their potential.

You can now also apply for the grant if you are caring for a child who is self-isolating.
