The PE & Sports Project uses the combined experience of elite level coaching, training teachers and planning highest-quality PE lessons, to provide the children with a fun, engaging, successful and positive experience.

We use our advanced 'exploration-discovery-competition' model to give the children the independence and responsibility to think for themselves, to solve problems for themselves and to drive their own development.

On top of the highest-quality instruction for the sport itself, the children learn social-emotional skills and awareness in their self-awareness, self-management, social awareness, relationship skills and responsible decision-making.

As well as this they are given opportunities to use their maths and English learning in a fun and different way to the classroom, which children find engaging and rewarding.

## Parents' Feedback

**100% of parents would recommend our camps to their friends' children**

"They enjoyed being with other children and they enjoyed all of the activities on offer"

"Just wanted to say thank you for a great 3 days at Cam Woodfields school. My children both thoroughly enjoyed it and were really enthusiastic about the whole experience."

"We really hope you'll be holding some more sessions in the school holidays. We will definitely be recommending it to friends (already have done!) "
