

Friday 13 March 2020

Dear Parents and carers,

As the situation continues to change in relation to COVID-19 we would like to share with you our planning in relation to the updated government advice, and in relation to any future requirements for academy closure.

We can assure you that at the time of writing we still have no reported cases of any pupil or staff member diagnosed with COVID-19 in any of the Cabot Learning Federation academies. We are continuing to follow the advice of the UK Government and Public Health England and will not close unless directed to do so.

As you may be aware from the recent government announcements, those suffering with even mild symptoms akin to those of corona virus (persistent cough and fever) should self-isolate for 7 days.

This may mean your child having to miss school; please do contact the Academy on the first day of absence if this is the case for your child. Please do note that the government is **not** requesting whole households to self-isolate if one member of the household has a persistent cough or a fever. At some stage in the future this advice may change and should this be the case we will be sure to update you.

We understand, that you, or your child, may be feeling anxious about the impact of a possible future school closure on your child's learning, particularly if they are due to sit tests or public exams this summer.

Plans are in place to continue to support pupils and staff in the event of closure. These include contingencies should we need to close for a short period of time for a deep clean, as well as for any longer term directed closures. We are also considering a variety of options involving partial closure - i.e. the school open part time or for some year groups and not others - should we find ourselves in a position where we cannot safely and effectively run the Academy at full capacity because of staff absence in line with government guidance on self-isolation.

Should we need to close for a deep clean, or for any other reason, we will tell parents through our usual communication route advising both when the closure will take place and when children should return to school.

In the event of being directed to close, the academy will be ensuring pupils can access learning via the following <http://www.clf.uk.shl> and then going to the Frome Vale folder.

Whilst we are sharing the above, please be assured that there are no current indications that we will be closing. Please continue to ensure that your child attends schools as usual following the advice on our website should they become unwell.

We may need to contact you prior to, or during any period of school closure. It is vital that we have up to date telephone numbers, addresses and email addresses for each of our students and their families. If you are in any doubt as to whether we have the correct information, please contact the Academy to update us.

Please turn over

In order to minimise social gatherings, we are cancelling/postponing the following events:

-Rec/ Y1Mothers day lunch - cancelled

-Y1 Cape making - cancelled

-Spring event - postponed

-Y1 & 2 music concert - postponed

-parent's evening- postponed

Please speak with me if you have any further questions at this time. In the meantime, links to the school website and the Department of Education helpline are provided below.

Thank you for your continued support of your child and of our school during this unusual time.

Dr. Saunders

The department for Education helpline to answer questions about COVID 19 related to education. Staff, parents and young people can contact the helpline as follows:

- Phone 0800 046 8687
- Email DfE.coronavirushelpline@education.gov.uk
- Opening hours 8am to 6pm (Monday to Friday)

The Academy website has a page dedicated to providing access to Public Health England advice, this is updated daily.
