### **Food Allergy/Intolerance Alert**

Dear Parent or Carer,

This year we have several children in the school who suffer from various food allergies to Eggs, kiwi, dairy and gluten.

Severe allergies can be life threatening and we respectfully request that you assist us with ensuring a severe reaction to these foods can be avoided.

- Please could you therefore avoid bringing any food into the classroom (except in your child's lunchbox). Birthday treats **MUST** be in original packaging (no home made)
- Please discuss food allergies with your child. This is a useful website for resources or information <https://www.allergyuk.org/>
- Children/parents to not share food (even before and after school)
- Please encourage your child to wash their hands before and after eating or handling food.

Should you have any concerns or questions that require more information, please do not hesitate to speak with your class teacher in the first instance, or Miss Dawson.

Many thanks for your support with this important matter.

Dr J Saunders  
Principal
