<p>Dear parents / Carers,</p> <p>Welcome to Term 3 of Year 1!</p> <p>If you have any questions about your child or what we are doing in class, please feel free to speak with me in the playground, before or after school, or alternatively telephone the office for an appointment.</p> <p>We are Learners The progress of each child is tracked throughout his/her time at school. Termly, teachers meet with SLT and support staff to look at individual attainment and progress in assessments and classwork.</p> <p>We are Readers The children have all been provided with reading records, they also have a decodable reading book, along with a book for pleasure.</p> <ul style="list-style-type: none">- You should read with your child at least 3 times a week.- If your child reads 4 times a week, they will get a house point.- Please make sure that your child brings their book bag, reading log and reading books every day. <p>We are Athletes PE is taught on a Wednesday morning and a Tuesday afternoon. Please ensure that children have a PE kit in school on those days. Kit can be left in school or taken home, whichever you prefer. Please label all items of clothing.</p> <p>Our Real PE unit focuses on the cognitive skills, and we will be promoting the skills of: order, explaining why someone is working or performing well, recognising similarities and differences in performance, naming</p>	<p>We are Writers We will begin with reading a new book called 'The Story Tree' - a collection of tales from around the world retold by Hugh Lupton.</p> <p>We will be exploring a traditional tale from India called 'Monkey - See, Monkey - Do'. Children will be learning to use new and exciting story language in their writing. They will be sequencing their story narratives and planning their stories to ensure they add gripping detail.</p> <p>This imaginative story will encourage us to write amazing character descriptions, wanted posters and recounts.</p> <p>We will be using this book, to develop our speaking and listening skills, building our writing by engaging in our every time we write features, which are:</p> <ul style="list-style-type: none">- Capital letters- Full stops- Finger spaces- Presentation / Handwriting / Letter formation  <p>We are Frome Vale Citizens This half term our Frome Vale Citizens topic is 'dreams and goals. We will be learning about</p> <ul style="list-style-type: none">- Steps to goals- Achieving together- Overcoming obstacles- Celebrating my successes <p>Our learning behaviour is 'self-evaluating and our value is 'truth/honesty.</p>
---	--

something I am good at and being able to understand and follow simple rules.

We are Mathematicians

As Mathematicians in term 3, we will be continuing with the NCETM units.

We will be continuing our learning with numbers 0-5. Within this unit we will be finding one more and one less of a given number and identifying different ways to represent a set.

Following this unit, we will explore 2D and 3D shapes. This unit will involve us recognising, composing, decomposing and manipulating different shapes.

Across our learning, we will know key mathematical facts, recalling them quickly and accurately. There will be opportunities for logical thinking to derive the correct problem-solving strategy. And we will promote children's thinking to find a way to apply their knowledge and skills to answer unfamiliar types of problems.

We are Mathmagicians

Our mathmagicians sessions are designed to be a highly visual number fact teaching programmes, which supports children to develop a deep understanding of number and number relationships, and fluency in addition and subtraction facts.

This unit within our mathmagicians sessions will support children in developing their ability to recognise one more and one less, two more and two less, number 10 fact families and five and a bit.

During this term, we will visit our school display boards.

We are Scientists

Our topic this term in science will be 'magnetism.' We will be learning to identify familiar, everyday uses of magnets and to be able to classify materials according to whether they are or are not attracted by a magnet.

We are Designers

As Designers, we are going to learn about 'structures' this half term. Our exploration of this topic will allow us to discover, define, develop, deliver and evolve a tower.

We are Home Learners

Please use our love of Learning WordPress page for weekly updates.

Love of learning activities will be issued on a Friday, and they should be returned on the following Thursday.

We are Historians

This term, we are being Historians.

Our key question is 'what can the big tree in front of the school remember?' Children are going to use a range of skills and techniques to explore when the school was built, understand the meaning of street names and review how the estate has changed.
